## Completing the Self-Assessment

Explanation:  
Bullet points  
Key points for that  
measure

Capability-Specific Measures for Law Enforcement Investigation and Operations			
Measure	Score	Progress Label	Explanation
1 Plans within our jurisdiction address law enforcement procedures at all levels (e.g., identifying and responding to suspicious activities and persons; gathering, cataloging, preserving evidence).			
2 Plans within our jurisdiction address managing chemical, biological, radiological, nuclear and high-yield explosive (CBRNE) hazards (e.g., notifying proper authorities).			
3 Plans within our jurisdiction address information sharing and communications (e.g., information is accurate, complete, and consistent; all law enforcement entities have established connections with appropriate offices, information delivered securely and rapidly).			
<b>Capability Explanation:</b> 1) Provide a high-level description of the jurisdiction's long-term objectives for this capability. 2) Please also include MAJOR EQUIPMENT purchased to support this target capability. 3) What are the factors that contributed to your jurisdiction's scoring above? 4) Provide a brief strategy for increasing the capability over time. 5) What methods does your jurisdiction plan to implement to sustain the capability for the future? 6) Does your jurisdiction have any best practices or unique solutions related to the capability? 7) Please describe, if appropriate, how mutual aid or other agreements factor into your capability.			

Capability Explanations:  
Required for  
every capability
